DETAILED ACTION

- This office action is responsive to the communication filed on 07/18/2007.
- The amendments received on 07/18/2007 have been entered and made of record.
- Claims 1-24 are pending in the application.

Response to Arguments

1. Applicant's arguments filed 07/18/2007, with respect to the amended Claims 1-9, 15, 18-21 and 24, have been fully considered and are persuasive. The previous rejections of Claims 1-24 have been withdrawn.

Allowable Subject Matter

2. **Claims 1-24** are allowed.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach, disclose or suggest the claimed limitations of (in combination with all other limitations in the claim), "a method of sending a print job to a printer, comprising: attaching at least one document for the print job to an e-mail message; specifying instructions for printing the at least one document within the e-mail message, the instructions comprising user selected printing attributes for printing the at least one document; sending the e-mail message with the at least one document attached thereto and the instructions for printing the at least one document specified therein over a network to an e-mail enabled printer, where the e-mail enabled printer includes e-mail client software; and extracting the at least one document and the instructions for printing the at least one document from the e-mail message by the e-mail

enabled printer", as claimed in **Claim 1**. Similar features are claimed in Claims 2-24. Therefore, **Claims 2-24** are allowable over the prior art of record for the same reasons.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
